Figure 2
Wheeling Creek 25 Dam Rehabilitation Project
Stream and Wetland Delineation
Delineation Index Map
Marshall County, WV

Notes:
1. All streams and wetlands were delineated by AllStar Ecology, LLC in October and November, 2013 and July and August, 2014.
2. The West Virginia Flood Tool (http://www.mapwv.gov/flood/) was used to assess the the proximity of the site to mapped Flood Hazard Areas.
3. Ditches shown for informational purposes and are likely non-jurisdictional.
