

Agency Job Opportunity Announcement

Job Title:Civil Engineer (Structural)

Department:Department of the Army

Agency:U.S. Army Corps of Engineers

Job Announcement Number:SWGJ140627741167150D

SALARY RANGE: \$59,104.00 to \$92,093.00 / Per Year

OPEN PERIOD: Wednesday, July 16, 2014 to Tuesday, July 29, 2014

SERIES & GRADE: GS-0810-11/12

POSITION INFORMATION: Full Time - Permanent

PROMOTION POTENTIAL:

12

DUTY LOCATIONS: Few vacancy in the following location:
Pittsburgh, PA

WHO MAY APPLY: United States Citizens

SECURITY CLEARANCE: Not Applicable

SUPERVISORY STATUS: No

JOB SUMMARY:

Civilian employees serve a vital role in supporting the Army mission. They provide the skills that are not readily available in the military, but crucial to support military operations. The Army integrates the talents and skills of its military and civilian members to form a Total Army.

About the Position:

This position is located in the Engineering and Construction Division, Structural Design Section, Navigation Design Branch, U.S. Army Corps of Engineers, Pittsburgh District, Pittsburgh, PA.

Who May Apply: U.S. Citizens

NOTE: If you are currently a permanent, Federal employee or have other appointment eligibility(s) as an internal candidate, please apply for this vacancy against SWGJ140627741165758 for status candidates.

TRAVEL REQUIRED

- Occasional Travel
- Temporary Duty Travel (TDY) is 10%

RELOCATION AUTHORIZED

- Yes
- Permanent Change of Station is authorized.

KEY REQUIREMENTS

- Must be a U.S. Citizen
-

DUTIES:

Works under the supervision of the Chief, Structural Design Section, receiving assignments in terms of overall objectives and requirements. Plans and carries out assignments independently, adapting or modifying standard guides and criteria as needed. Advice and assistance are available on crucial problems and issues or matters requiring deviation from standard policy. Completed work is checked for timely completion, technical accuracy, conformance to policies and procedures and soundness of professional engineering judgment. Overall performance is evaluated in terms of performance appraisal standards established by the supervisor.

Applicants will be responsible for duties such as (but not limited to):

Performing structural engineering assignments consisting of complete segments of work for large, complex projects using established design criteria and directives. As part of design or evaluation of various structures, prepares design narratives, structural design calculations, and drawings using AutoCAD software for civil works construction projects.

- Conduct analysis & designs. Prepare plans for various structural features of navigation and flood control projects.
 - Determining requirements for technical aspects of project specifications, and prepares amendments and engineering revisions for the above projects.
 - Coordinating structural aspects of projects with architects and other engineers responsible for related specialized phases of the projects to arrive at mutually acceptable designs and solutions to problems.
 - Providing guidance to Architect-Engineers (A-Es) regarding USACE structural design criteria and standards.
 - Reviewing shop drawings submitted by contractors for structural aspects of construction projects to check for accuracy and to verify conformance to contract plans and specifications.
 - Supplies standard engineering methods and techniques in the performance of preliminary and final design including stress and stability analysis, estimates, and typical sections for steel or concrete features.
-

QUALIFICATIONS REQUIRED:

In order to qualify, you must meet the education and/or experience requirements described below. Your resume must clearly describe your relevant experience; if qualifying based on education, your transcripts will be required as part of your application. Additional information about transcripts is [in this document](#).

Specialized Experience required: To qualify based on your work experience, your resume must describe at least one year of experience which prepared you to do the work of a Civil Engineer (Structural).

For GS-11: To qualify at the GS-11 grade level you must have at least one year of specialized experience equivalent to the GS-09 in federal service which includes: Experience (under the direct supervision of a senior engineer) in developing designs for structural features of navigation and flood control projects; preparing design engineering documents such as drawings, calculations and narratives; performing site evaluations and investigations; and developing design computations for structures made of steel, reinforced concrete, and other structural features such as miter gates, bridges, flood walls, and bulkheads.

For GS-12: To qualify at the GS-12 grade level you must have at least one year of specialized experience equivalent to the GS-11 level in the federal service which includes: Experience in independently developing designs for structural features of navigation and flood control projects; preparing design engineering documents such as drawings, calculations and narratives; performing site evaluations and investigations; and developing design computations for structures made of steel, reinforced concrete, and other complex structural features such as miter gates, bridges, flood walls, and bulkheads. Experience in leading multidiscipline project design teams in the development of plans, specifications, and studies.

You will be evaluated on the basis of your level of competency (knowledge, skills, abilities) in the following areas:

- Knowledge of advanced structural engineering design techniques.
- Ability to make visual and structural assessments of structural systems and components.
- Skilled in analyzing data within structural engineering discipline.
- Knowledge of structural engineering codes, standards, and regulations.
- Ability to provide oral & written structural assessments.

Education required: This position has a minimum education requirement. In order to qualify for this position, you must meet one of the education requirements below in addition to the specialized experience statements described above.

- A bachelor's degree or above in professional engineering from a college or university accredited by the Accreditation Board for Engineering and Technology (ABET). NOTE: THIS DOES NOT INCLUDE ENGINEERING TECHNOLOGY;
- A bachelor's degree or above in professional engineering. The curriculum included differential and integral calculus and courses (more advanced than first- year physics and chemistry) in five of the following seven areas of engineering science or physics: (a) statistics, dynamics; (b) strength of materials (stress/strain relationships); (c) fluid mechanics, hydraulics; (d) thermodynamics; (e) electrical fields and circuits +ADs (f) nature and properties of materials (relating particle and aggregate structure to properties); and (g) any other comparable area of fundamental engineering science of physics, such as optics, heat transfer, soil mechanics, or electronics;
- Current registration as a professional engineer by a state in the United States, the District of Columbia, Guam, or Puerto Rico, in addition to college-level education, training, and/or technical expertise that furnished (1) a thorough knowledge of the physical and mathematical sciences underlying professional engineering, and (2) a good understanding, both theoretical and practical, of the engineering sciences and techniques and their applications to one of the branches of engineering;
- Successful completion of the Engineer in Training examination, or the written test required for professional registration, administered by the Boards of Engineering Examiners in the various States, the District of Columbia, Guam, and Puerto Rico in addition to completion of all the requirements for either (a) a bachelor's degree in engineering technology (BET) from an accredited college or university that included 60 semester hours of courses in the physical, mathematical, and engineering sciences, or (b) a BET from a program accredited by the ABET+ADs;
- A combination of at least 4 years of college-level education, training, and/or technical expertise that included successful completion of at least 60 semester hours of courses in the physical,

mathematical, and engineering sciences, including the courses listed in paragraph B above. The courses are fully acceptable toward meeting the requirements of a professional engineering curriculum; OR

- A bachelor's degree or higher-level degree in engineering technology or in an appropriate professional field (for example, physics, chemistry, architecture, computer science, mathematics, hydrology, or geology) and at least one (1) full year of professional engineering experience that was acquired under a professional training program or under professional engineering supervision and guidance.

Only degrees from an accredited college or university recognized by the Department of Education are acceptable to meet positive education requirements or to substitute education for experience. For additional information, please go to the Office of Personnel Management (OPM) and U.S. Department of Education websites at - <http://www.opm.gov/qualifications> and <http://www.ed.gov/admins/finaid/accred/index.html>

Foreign education must be evaluated for U.S. equivalency in order to be considered for this position. Please include this information in your resume.

A copy of your transcripts from an accredited college or university must be submitted at the time of application. If selected, official transcripts will be required.

Other Requirements: Click [here](#) for expanded definitions.

- Male applicants born after December 31, 1959 must complete a Pre-Employment Certification Statement for Selective Service Registration.
- You will be required to provide proof of U.S. Citizenship.
- One year trial/probationary period may be required.
- Direct Deposit of Pay is Required.

HOW YOU WILL BE EVALUATED:

[Your application package](#) (resume, supporting documents, and responses to the questionnaire) will be used to determine your eligibility, qualifications, and quality ranking for this position. Please follow all instructions carefully. Errors or omissions may affect your rating or consideration for employment.

Basis for Rating: Qualified candidates will be assigned to one of three quality categories: Best Qualified, Highly Qualified and Qualified. Veteran preference eligibles are listed ahead of non-preference eligibles within each quality category.

- Best Qualified. Candidates in this category possess exceptional skills and experience to exceed well above the minimum requirements for the announced position.
- Highly Qualified. Candidates in this category possess good skills and experience above the minimum requirements for the announced position.

- Qualified. Candidates in this category meet the minimum experience requirements for the announced position.

Interagency Career Transition Assistance Program (ICTAP). If you are a Federal employee in the competitive service and your agency has notified you in writing that you are a displaced employee eligible for ICTAP consideration, you may receive selection priority. See [Interagency Career Transition Assistance Program \(ICTAP\)](#) for more information. Additional information about the program is on [OPM's Career Transition Resources website](#).

BENEFITS:

The Department of Defense offers an excellent benefits program. In addition to your take-home pay, your comprehensive compensation/benefits package will include most of the benefits described in [the USAJOBS Resource Center](#).

OTHER INFORMATION:

- Selection is subject to restrictions resulting from Department of Defense referral system for displaced employees.
 - If you have retired from federal service and you are interested in employment as a reemployed annuitant, see the information in the [Reemployed Annuitant](#) information sheet.
 - You may claim military spouse preference, see the information in the [Military Spouse Preference Under Delegated Examining Procedures](#) information sheet.
 - Multiple positions may be filled from this announcement.
-

HOW TO APPLY:

To apply for this position, you must complete the online questionnaire and submit the documentation specified in the **Required Documents** section below.

The complete application package must be submitted by 11:59 PM (EST) on Tuesday, July 29, 2014 to receive consideration.

- To begin, click Apply Online to create a USAJOBS account or log in to your existing account. Follow the prompts to select your USAJOBS resume and/or other supporting documents and complete the occupational questionnaire.
 - Click the Submit My Answers button to submit your application package.
 - It is your responsibility to ensure your responses and appropriate documentation is submitted prior to the closing date.
 - To verify your application is complete, log into [your USAJOBS account](#), select the Application Status link and then select the more information link for this position. The Details page will display the status of your application, the documentation received and processed, and any correspondence the agency has sent related to this application. Your uploaded documents may take several hours to clear the virus scan process.
 - To return to an incomplete application, log into [your USAJOBS account](#) and click Update Application in the vacancy announcement. **You must re-select your resume and/or other documents from your USAJOBS account or your application will be incomplete.**
 - It is your responsibility to verify that information entered, uploaded, or faxed (i.e., resume) is complete, accurate, and submitted by the closing date. Uploaded documents may take up to one hour to clear the virus scan. Faxed documents must be completely transmitted by 11:59p.m. Eastern Standard Time on the closing date of the announcement.
-

The Department of the Army provides reasonable accommodations to applicants with disabilities. If you need a reasonable accommodation for any part of the application and hiring process, please notify the servicing civilian personnel unit. Your requests for reasonable accommodation will be addressed on a case-by-case basis.

REQUIRED DOCUMENTS:

The documents you are required to submit vary based on whether or not you are eligible for preference in federal employment. A complete description of preference categories and the associated required documents is in the [Applicant Checklist \(External\)](#).

As described above, your complete application includes your resume, your responses to the online questionnaire, and documents which prove your eligibility to apply. **If you fail to provide these documents, you will be**

marked as having an incomplete application package and you will not be considered any further.

Your resume:

- Your resume may be submitted in any format.
- If you submit more than one copy of your resume, only the most recent version will be reviewed. The latest timestamp will be used to determine which version of your resume is "most recent." It is your responsibility to check the status and timestamp of all documents you submit as part of your application.
- If your resume includes a photograph or other inappropriate material or content, it will not be used to make eligibility and qualification determinations and you may not be considered for this vacancy.
- For qualifications determinations your resume must contain hours worked per week and the dates of employment (i.e., HRS per week and month/year to month/year or month/year to present). If your resume does not contain this information, your application will be marked as incomplete and you will not receive consideration for this position.

If you are relying on your education to meet qualification

requirements: You **MUST** submit a copy of your transcript if you want to substitute your education for experience. If you claim qualifications based on education, and do not submit a transcript, your education will not be used in making a qualification determination and you may be found "not qualified."

See: [Transcripts and Licenses](#)

If you are unable to apply online or unable to upload your supporting documents follow the directions located at: [Faxing Applications and Documents](#) The Vacancy ID is 1167150. You will need the questionnaire, [View Occupational Questionnaire](#), to complete your faxed application

NOTE: Documents submitted as part of the application package, to include supplemental documents, may be shared beyond the Human Resources Office. Some supplemental documents such as military orders and marriage certificates may contain personal information for someone other than you. You may sanitize these documents to remove another person's personal information before you submit your application. You may be asked to provide an un-sanitized version of the documents if you are selected to confirm your eligibility.

AGENCY CONTACT INFO:

Bobbie J. Vinup

WHAT TO EXPECT NEXT:

If you provided an email address, you will receive an email message acknowledging receipt of your application. Your application package will be used to determine your eligibility, qualifications, and quality ranking for this position.

If you are determined to be ineligible or not qualified, your application will receive no further consideration.

The documents you submit must support your responses to the online questionnaire. If your application contradicts or does not support your questionnaire responses, you will receive a rating of "not qualified" or "incomplete application" and you will not receive further consideration for this job.
