

Team,

This message impacts all participants in the Mass Transit Benefit Program:

Due to the Absence of Appropriations, the Mass Transit Benefit Program (MTBP) Debit Cards are not funded for November.

As a result, all card balances are currently \$0 and employees therefore do not have the ability to use this program to purchase their ConnectCards for November

In the absence of both an appropriations act and a CR, the Army currently has no funding to replenish the MTBP debit cards.

As soon as there is more information it will be released.
