Notice No. 13-35

Date: September 12, 2013

---

New Cumberland Locks and Dams, Ohio River, Mile 54.4

Pike Island Locks and Dams, Ohio River, Mile 84.2

Hannibal Locks and Dams, Ohio River, Mile 126.4

## Intermittent Closures of Primary and Auxiliary Lock Chambers

1. **To All Whom It May Concern:** Notice is given that a contractor for the U.S. Army Corps of Engineers will be replacing the interlock control system at New Cumberland, Pike Island, and Hannibal Locks and Dams, Ohio River. The work is scheduled to be performed at each facility during the following dates:

New Cumberland Lock and Dam, Telephone 740-537-2571

Work Period October 2013 thru April of 2014

Pike Island Lock and Dam, Telephone 304-277-2127

Work Period August 2013 thru November 2013

Hannibal Lock and Dam, Telephone 740-483-2305

Work Period August 2013 thru April of 2014

2. Both the 110-ft x 600-ft auxiliary lock chamber and the 110-ft x 1,200-ft primary lock chamber will remain open to navigation. They will experience multiple four (4) hour lock chamber closures Mondays through Fridays daylight hours only. These intermittent closures will take place at each lock during the work periods noted above. Minimal delays to navigation are expected.

3. Interested parties are encouraged to contact the locks by Marine Radio or telephone to get an operational status of the lock for that day.

4. These closures are required to complete the upgrades to the new interlock control system at the locks.

FOR THE DISTRICT ENGINEER:

//Signed//  
Kathy M. Griffin  
Acting Chief, Operations Division
