Notice No. 12-11

Date: March 23, 2012

---

## Exploratory Drilling Ohio River, Center Channel, Mile 29.7

1. **To All Whom It May Concern:** Notice is given that Terra Testing, Inc. will conduct one exploratory bore within the center of the channel of the Ohio River for a potential future pipeline project. The site location is approximate two miles above the Montgomery Locks and Dam, Ohio River, at approximately River Mile 29.7, Potter Township and Merrill, Beaver County, Pennsylvania. The proposed work was authorized under Nationwide Permit 6, dated March 20, 2012 (Corps I.D. 2012-275)
2. The work will be performed within a 24 hour time frame starting on March 28, 2012 at 9:00 a.m. to March 30, 2012, 5:00 p.m. During these periods the channel will **remain open**. Navigators are urged to use **caution** when transiting this area.
3. Equipment involved in the operation will be performed from the Motor Vessel (M/V) HARD HAT with an attached Derrick Barge.
4. The M/V HARD HAT will be monitoring marine band VHF Radio channel 16 transmissions to assist/coordinate with vessels transiting the work area.
5. The U. S. Coast Guard will be issuing a Broadcast Notice to Mariners before boring operation begins.

FOR THE DISTRICT ENGINEER:

// SIGNED //

James R. Fisher  
Acting Chief, Operations Division
