Notice No. below

US Army Corps of Engineers, Pittsburgh District
1000 Liberty Avenue
Pittsburgh, PA 15222-4186

Date: June 3, 2013

Special Notice No. 13-22

Pittsburgh District Repair Fleet to work outside of District
Boundaries August 5 to September 13, 2013

1. TO ALL WHOM IT MAY CONCERN: Notice is given that the Pittsburgh District Repair Fleet will be working outside of our district boundaries at Willow Island Locks and Dam on the Ohio River from August 5, 2013 to September 13, 2013. The Pittsburgh District maintenance staff and Repair Fleet, which typically performs major maintenance repairs at Pittsburgh District navigation and flood risk management structures, will be completing maintenance work for the Huntington District during this period.
2. The Pittsburgh District Repair Fleet will temporarily be stationed at River Mile 161.7 on the Ohio River, which is outside the boundary limits of the Pittsburgh District.
3. The general public is being notified because in the event of a maintenance emergency at one of the Pittsburgh District facilities, the Repair Fleet will need additional time to respond. Businesses and municipalities located on the rivers and the navigation industry are being notified for situational awareness.
4. For questions related to this event, please contact the Operations Division of the Pittsburgh District at 412-395-7140.

FOR THE DISTRICT ENGINEER:

//Signed//
Richard C. Lockwood
Chief, Operations Division
