Notice No. 12-20 REVISED

Date: May 23, 2012

---

**Locks and Dam 4, Monongahela River, Mile 41.5**  
**Installation of Panels for New River Guard Wall**

1. Notice to Navigation No. 12-20 has been revised. The dates for installation of the panels will be from June 11 to June 15, 2012.

2. **To All Whom It May Concern:** Notice is given that C.J. Mahan Construction Company, LLC, a contractor for the U.S. Army Corps of Engineers, will be installing panels on the new Lower River Guard Wall. The work hours are 07:00 A.M to 7:00 P.M. begin **June 11 through June 15, 2012**. Due to the limited space available in the approach of the lock, intermittent closures of the channel will be necessary to allow the contractor to make the connections of each panel. The Derrick Monallo II will be located in the lower lock approach to assist with the installation of the panels.

3. During the work period lock closures will be intermittent to allow commercial traffic to pass through. Only minor delays to navigation are expected.

4. Navigators are requested to use extreme caution when entering or leaving Lock 4, Monongahela River lower lock chamber during this construction period to prevent any interference with the work.

FOR THE DISTRICT ENGINEER:

//Signed//  
James R. Fisher  
Chief, Operations Division
