Notice No. 12-03

Date: February 21, 2012

---

New Cumberland L/D, Ohio River, Mile 54.3  
Intermittent Closures of the 110' x 1200' River Lock Chamber

1. TO ALL WHOM IT MAY CONCERN: Notice is given that a contractor for the U.S. Army Corps of Engineers will be working in the 110' x 1200' river lock chamber at New Cumberland L/D, Ohio River, Mile 54.3. The Contractor should be starting on or about February 27 and will be completed by April 1, 2012. There will be numerous closures, up to 8 hours, of the River Lock Chamber throughout the work period. Companies can contact New Cumberland Locks by phone 740-537-2571 to get the current operational status and a schedule for any future closures.

2. The 110' x 1200' river lock chamber will experience intermittent lock closures; the 110' X 600' land lock chamber will be open for the entire duration of this work. Tow haulage winches will not be available, but a double lockage will be accepted if "industry self-help" is available.

3. This work is in preparation for the installation of new floating mooring bits by the U.S. Army Corps of Engineers' Repair Fleet in April.

FOR THE DISTRICT ENGINEER:

//Signed//  
James R. Fisher  
Chief, Operations Division
