Notice No. 04-19

Date: April 1, 2004

Morgantown Lock and Dam, Monongahela River, Mile 102.0
Replace River Wall Filling Valve
and Renovate Operating Machinery
Revised Starting and Completion Date

1. Reference: Notice to Navigation Interest #03-05.
2. **TO ALL WHOM IT MAY CONCERN:** Notice is given that the U.S. Army Corps of Engineers' Repair Fleet will be replacing the river wall filling valve and renovating the operating machinery in the single 84' x 600' lock chamber at Morgantown Lock and Dam, Monongahela River. The repair work is scheduled to begin at 1:00 AM on April 20, 2004 and will be completed by 11:00 PM on April 30, 2004. This work was originally scheduled to start about a day earlier.
3. The single 84' x 600' lock chamber will remain open to traffic during the repair period. Intermittent delays up to 4 hours may be encountered during the renovation work period.
4. General wear and deterioration on the valve has made it necessary to schedule this work.
5. Navigators please note the location and duration of this work and use caution when entering and leaving the lock chamber.

FOR THE DISTRICT ENGINEER:

/signed/

Richard C. Lockwood
Chief, Operations and
Readiness Division
