Notice to Navigation Interests

In reply refer to
Notice No. below

US Army Corps of Engineers, Pittsburgh District
1000 Liberty Avenue, Pittsburgh, PA 15222-4186
(412) 395-7651

Notice No. 08-08 (REVISED)

Date: April 7, 2008

CANCELLATION
of
Lock Closure at New Cumberland Locks
FirstEnergy (Ohio Edison) Sammis Plant, Barge Roll-off Operations
Ohio River, Mile 54.6

1. Notice to Navigation Interests No. 08-08 dated March 28, 2008 has been revised. The work scheduled for April 10, 2008 at New Cumberland Locks has been cancelled; there will not be a 10-hour closure of the locks as was originally planned. High water on the Ohio River has delayed transportation of the three large absorber units to the First Energy (Ohio Edison) Sammis Plant.
2. Babcock & Wilcox Construction Company Inc. (under contract with FirstEnergy) has cancelled the unloading of three large absorber units by roll-off operation at the temporary unloading ramp along the right descending bank of the Ohio River within the downstream approach to the New Cumberland Locks and Dam. This roll-off operation which was originally scheduled from 7:00 A.M. to 5:00 P.M. on April 10, 2008 is postponed to a future date. A new navigation notice will be issued upon rescheduling this work activity.

FOR THE DISTRICT ENGINEER:

/signed/
Richard C. Lockwood
Chief, Operations Division
