Notice No. 08-46

Date: November 10, 2008

Installation of 138 kV Aerial Power Line
By Duquesne Light Company
Crossing the Allegheny River, Mile 15.9

1. **To All Whom It May Concern:** Notice is given that Sargent Electric Company, contractor for Duquesne Light Company will be installing a 138 kV aerial power line crossing over the Allegheny River at Mile 15.9, from the Cheswick West Substation to the Logans Ferry Substation in Springdale, Allegheny County, Pennsylvania. These new conductors will replace previously removed river crossing conductors. Conductors will be pulled across the river using rope flown across by helicopter.
2. The work will be performed from 7:00 a.m. to 6:00 p.m. beginning Monday, November 17, 2008 and ending Friday, November 21, 2008.
3. During this work, no floating plant will be used. All equipment will be on land. Two emergency watercraft will be stationed in the river during conductor installation.
4. POC at Sargent Electric Company is Richard Rectenwald at 412-394-7526 and POC at Duquesne Light Company is Ronald Walter at 412-779-3381.
5. Navigators, please use caution in and around the area.

FOR THE DISTRICT ENGINEER:

//signed//

Richard C. Lockwood
Chief, Operations Division
