## **PUBLIC NOTICE**

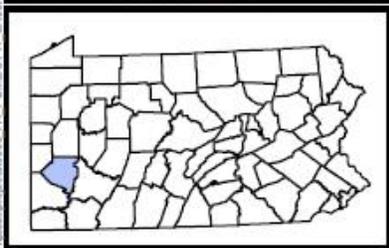

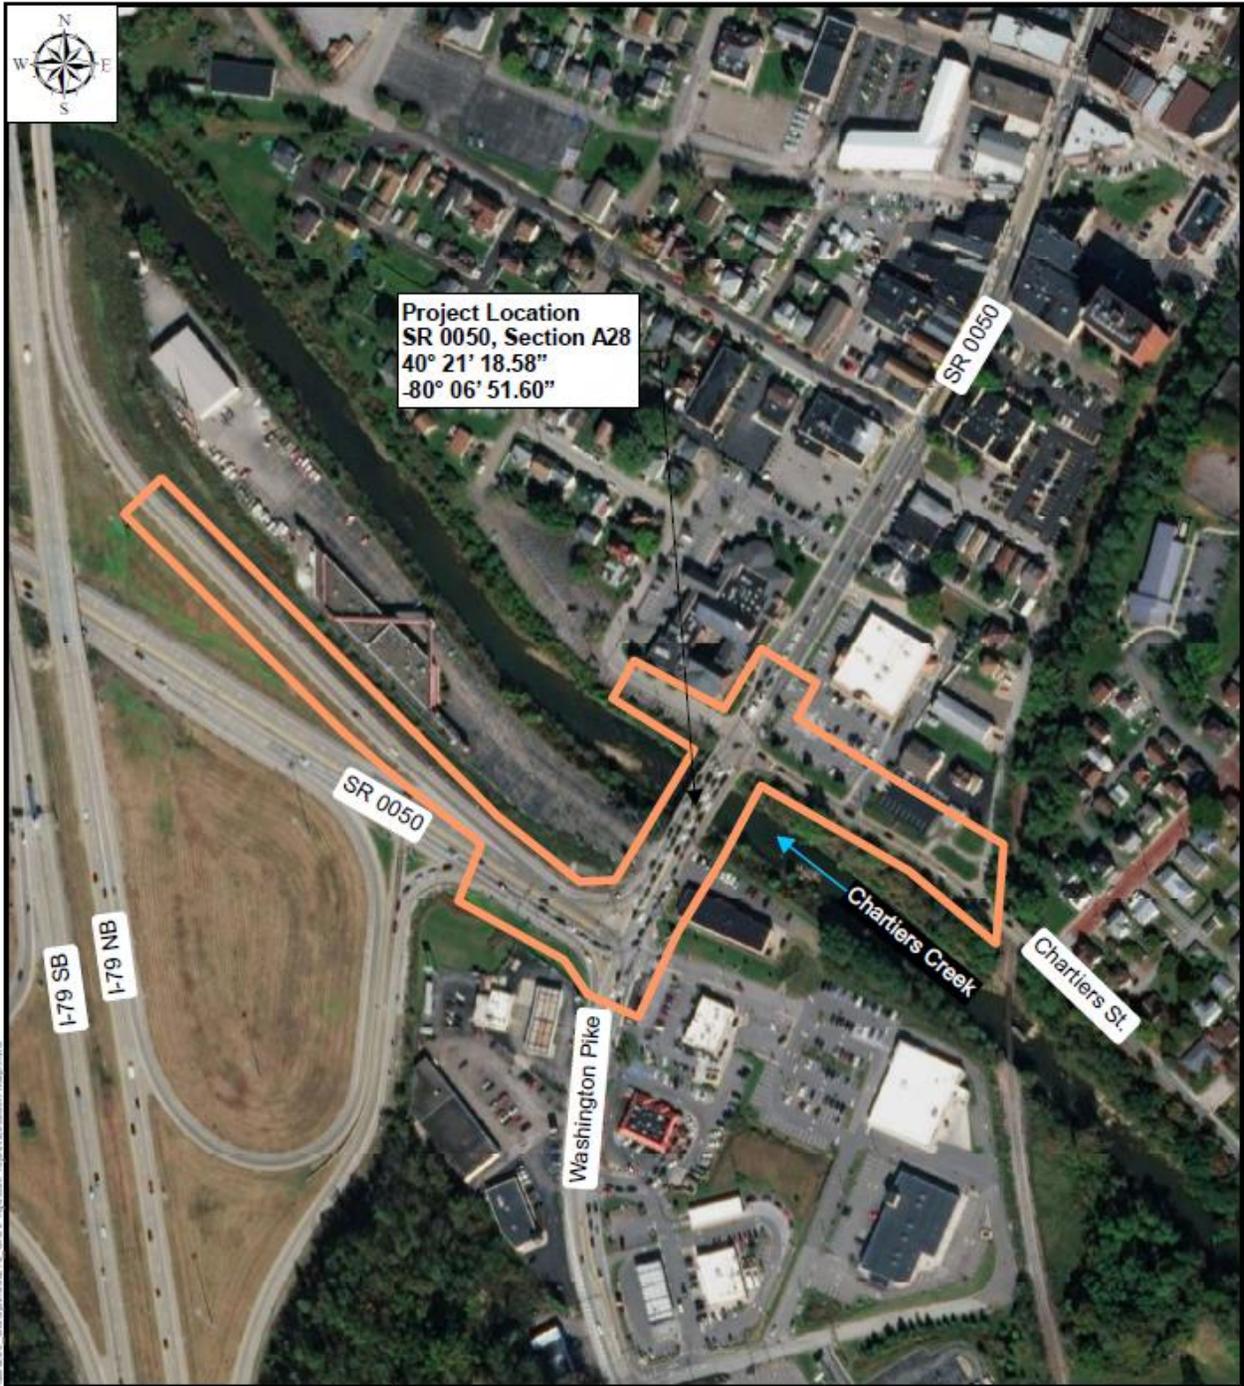

### **Section 408 Request to Alter the James G. Fulton Local Protection Project For State Route 0050 Bridge Replacement by PennDOT Allegheny County, Pennsylvania**

The U.S. Army Corps of Engineers, Pittsburgh District (USACE) is evaluating a proposed alteration to the James G. Fulton Local Protection Project. The PennDOT has submitted a request under 33 USC 408 (Section 408) to the US Army Corps of Engineers (USACE) Pittsburgh District to alter the James G. Fulton Local Protection Project (LPP) for replacement and widening of the structure carrying State Route 0050 over Chartiers Creek. The proposed project will include The scope-of-work includes replacement of the existing bridge and associated roadway work along SR 0050 (Washington Pike/Millers Run Road), SR 3034 (Chartiers Street), Church Street, and the northbound on-ramp to I-79 (Latitude: 40°21'18.46"N, Longitude: 80°06'51.55"W). See Figure 1 for a location map.

The USACE Pittsburgh District is currently performing a Section 408 review of the proposed alteration that includes engineering, environmental, and real estate considerations. Permission to alter the James G. Fulton LPP will only be granted if review determines that the alteration will not be injurious to the public interest and will not impair the usefulness of the LPP.

The USACE invites submission of comments on the impact of approval of the Section 408 request. The USACE will consider all submissions received before the expiration date of the public notice period. The nature or scope of the proposal may be changed upon consideration of the comments received.

**Comments can be submitted to the address posted at the top of this notice or to [Julia.Butzler@usace.army.mil](mailto:Julia.Butzler@usace.army.mil). Comments must be received by 07 October 2020 to ensure consideration.**
