

Bicycling

While there are no designated bicycle trails, there are many roads for bicyclists to ride on around Pittsburgh District lake projects. Some projects have terrain that is wide open and flat, while others have lots of tree cover and roads with steep grades.

Berlin Lake (330) 547-3781

Berlin Lake does not have any bicycling routes on the project itself, however, there are designated bicycle routes in the area.

Conemaugh River Lake (724) 639-9013

Bicycling is not recommended here.

Crooked Creek Lake (724) 763-3161

There are no restrictions for bicycling at Crooked Creek. However, not all roads are conducive for this activity.

East Branch Clarion River Lake (814) 965-2065

Bicycling is not recommended here.

Kinzua Dam/Allegheny Reservoir (814) 726-0661

Bicycling is an excellent way to enjoy the spring, summer, and fall scenery. Many miles of roads can be found both along the reservoir, in **Allegheny State Park** and deep within the **Allegheny National Forest**.

Loyalhanna Lake (724) 639-9013

Please refer to neighboring Conemaugh River Lake or **www.conemaughvalleyconservancy.org**.

Mahoning Creek Lake (814) 257-8811

Bicycling is not recommended here.

M. J. Kirwan Dam & Reservoir (330) 358-2622

M. J. Kirwan Dam is approximately two (2) miles long and is an excellent place to bicycle. The 2 mile long road across the dam provides an excellent view of the lake and surrounding countryside.

There are many areas within the park that are operated and maintained by West Branch State Park that are suitable for bicycling. For more information on this park, go to the **West Branch State Park** Web page.

Mosquito Creek Lake (330) 637-1961

Visit the Turkey Run Trail on the east side of the lake to enjoy bicycling along the shoreline of Mosquito Creek Lake.

Shenango River Lake (724) 962-7746

The campground is an excellent place for campers with bikes. Mountain biking has become very popular in the Bayview ORV Area.

Stonewall Jackson Lake (304) 269-4588

Bicycling is not recommended here.

Tionesta Lake (814) 755-3512

Bicycling is permitted at Tionesta Lake on the park and campground roads. It is not permitted off the roads or on any trails.

Tygart Lake (304) 265-1760

The six miles of State Park roads with only gradual inclines, are ideal for bicycling. Mountain bikes are prohibited on the project hiking trails.

Union City Dam (814) 763-4477

Bicycling is not recommended here.

Woodcock Creek Lake (814) 763-4477

Once the multi-use trail is completed, bicyclists will be able to ride on this trail.

Youghiogheny Lake (814) 395-3242

One of the main Rails-To-Trails projects runs right past Youghiogheny Dam. The main bike trail in this area runs from Confluence, Pennsylvania, to Connellsville, Pennsylvania. The trail now has a connection directly into the Outflow Campground. Eventually the trail will be extended all the way to McKeesport, Pennsylvania.

East of the Dam, the trail starts in Markleton, Pennsylvania, and goes to Garrett, Pennsylvania. There is also a 1.5 mile stretch of trail that runs west of Markleton. This section follows the Pinkerton spur towards Fort Hill, Pennsylvania.
