Notice No. 14-58

Date: December 12, 2014

---

## Exploratory Drilling Ohio River, Near the Left Descending Bank, Mile 115.9

1. **To All Whom It May Concern:** Notice is given that Bellaire Harbor Services for Thelen Associates will conduct one exploratory bore approximately 150 feet off the left descending bank of the Ohio River for a potential future gas main. The site location is approximate ten miles above the Hannibal Locks and Dam, Ohio River, at River Mile 115.9, near Clarington Station and Graysville Station, Marshall County, West Virginia. The proposed work was authorized under Nationwide Permit 6, dated March 20, 2012 (Corps I.D. 2014-1188).
2. Work will be performed within an 84 hour time frame starting on December 19, 2014 at 7:00 a.m. to December 26, 2014, 7:00 p.m. During these periods the channel will **remain open**. Navigators are urged to use **caution** when transiting this area.
3. Equipment involved in the operation will be performed from the Motor Vessel (M/V) SENECA CHIEF and one deck barge 35 feet by 75 feet supporting a crane and drilling equipment. After each 12 hour day the work equipment will be secured to the right descending bank, at river mile 92.3, Bellaire, Ohio.
4. The M/V SENECA CHIEF will be monitoring marine band VHF Radio channel 13 and 16 transmissions to assist/coordinate with vessels transiting the work area.

FOR THE DISTRICT ENGINEER:

~ SIGNED ~

RICHARD C. LOCKWOOD  
Chief, Operations Division
