Operations Division  
412-395-7241

**NOTICE NUMBER:** 4528  
**LOCAL NUMBER:** 15-28  
**WATERWAY:** MONONGAHELA RIVER

**EFFECTIVE:** 08/01/2015 00:01 thru 12/31/2015 23:59 EST

---

**Annual Dredging Operations Monongahela River**

1. **To All Whom It May Concern:** Notice is given that the U.S. Army Corps of Engineers will have a contractor performing dredging operations on the Monongahela River.
2. **Schedule:** Dredging is expected to take place between August 2015 through December 2015. Three locations are scheduled to be dredged during this time.

**Braddock Lock and Dam River Mile 11.3**

The area dredged will be downstream of the lock on the right descending bank near the public boat launch.

**Maxwell Lock and Dam River Mile 61.2**

The areas dredged will be adjacent to the lower guide wall and lower river wall, downstream mooring cell near the arrival point, and the area adjacent to the upper intake ports.

**Grays Landing Lock and Dam River Mile 82.0**

The area dredged will be inside the upper guide wall near the work flat mooring area.

**3. Due to river conditions, and contractor availability, the schedule will remain flexible.** Minimal delays to Navigation are expected during the scheduled dredging.

4. Mariners are encouraged to monitor **Channel 13** on their marine radios during this local work period. Using that channel, mariners can remain informed of dredge location and lock personnel will notify the mariners when any delays are expected.

FOR THE DISTRICT ENGINEER:
