Construction of the New Hulton Bridge Allegheny River Mile 12.8

1. **TO ALL WHOM IT MAY CONCERN:** Notice is given that Brayman Construction Corporation will be working on the demolition of the old Hulton Bridge on the Allegheny River, Mile 12.8. A push boat and flat barge positioned in the river will be used to catch debris from the work associated with prepping the bridge for demolition.
2. The barge will be held in position by the push boat and can be easily moved for commercial traffic. Demolition operations on the existing bridge will cease when commercial traffic passes under the bridge.
3. The work will be accomplished during daylight hours starting December 21, 2015 and is scheduled to be completed around January 25, 2016. The floating plant will be moored outside the channel during non-work hours.
4. Mariners should monitor radio frequency channels 13 and 16 while transiting in the vicinity of the work site. More information can be obtained from Jason Booher at telephone 724-443-1533 Ext 50344.
5. Navigators shall use caution when traveling in and around this area.

FOR THE DISTRICT ENGINEER:
