

*Application for
Individual Water Quality State 401 Certification
State of West Virginia*

*for
Non Coal Related Facilities*

STATE OF WEST VIRGINIA
APPLICATION FOR 401 WATER QUALITY CERIFICATION
FOR NON COAL RELATED ACTIVITY

This application must be completed whenever a proposed activity requires a Clean Water Act Section 401 Individual State Water Quality Certification from the West Virginia Department of Environmental Protection (WVDEP). A Section 401 Certification from the State is required to obtain a Federal Clean Water Act Section 404 permit from the U.S. Army Corps of Engineers, or any other federal permits or licenses for projects that will result in a discharge of dredged or fill material into any waters of the State. To determine whether you need to submit this application to the West Virginia DEP, contact the U.S. Army Corps of Engineers District Office with jurisdiction over your permit area, the West Virginia Division of Water and Waste Management at (304) 926-0495.

The West Virginia DEP Section 401 Water Quality Certification program, is authorized by Section 401 of the Clean Water Act (33 U.S.C. § 1341) and the West Virginia Code §22-1-6(d)(6). West Virginia Legislative Rule 47 CSR 5A outlines the application process and criteria for decision by the Secretary of the WVDEP. In order for the DEP to issue a Section 401 Certification, the project must comply with the State Water Quality Standards (46 CSR 1) and not potentially result in an adverse long-term or short-term impact on water quality. Included with the Water Quality Standards is the Antidegradation Implementation Rule (60 CSR 5) effective July 2, 2001. The Rule includes additional application requirements and public participation procedures. Because there is a potential for lowering of water quality associated with every project being reviewed for Section 401 Certification, every applicant must provide the information required of this application.

Information provided with the application will be used to evaluate the project for certification and is a matter of public record. If the Secretary determines that the application lacks information necessary to determine whether the applicant has demonstrated the criteria set forth in Legislative Rule 47CSR5A, the West Virginia Department of Environmental Protection will inform the applicant in writing of the additional information that must be submitted. The application will not be accepted until it is considered complete by the Section 401 Program Manager. The Director of the DEP Division of Water and Waste Management will inform you in writing when your application is determined to be complete.

Please submit the following with the \$250 application fee to: Division of Water and Waste Management, Section 401 Program, 601 57th Street SE, Charleston, West Virginia 25304

- * Two (2) sets of the completed application form, including a map of location and scaled plan drawings and sections.

Please submit two (2) copies of this form along with the \$250 filing fee for review. Any information missing in this package will be considered incomplete. A full permit review will not be made until all information is provided. The Department of Environmental Protection will notify you of any missing and/or further information necessary for a proper and thorough review for certification.

Expiration Date: _____ 30 Days After Date of Publication

TO WHOM IT MAY CONCERN:

State Water Quality Certification, as required by Section 401 of the Clean Water Act, has been requested of the West Virginia Department of Environmental Protection (WVDEP) for:

(Name of Project)

(Name and address of Applicant)

SCOPE OF CERTIFICATION: Pursuant to Section 401 of the Federal Clean Water Act, the State may, either certify, certify with conditions, deny or waive certification that the proposed activity will comply with Sections 301, 302, 303, 306 and 307 of the Federal Clean Water Act and other appropriate requirements of State law. When issuing certification, the WVDEP may consider the proposed activity’s impact on water resources, fish and wildlife, recreation, critical habitats, wetlands and other natural resources under its jurisdiction. Procedural and interpretive regulations governing the scope of the Department’s certification, public comment, hearings and appeals are in Title 47, Series 5A.

DESCRIPTION OF THE ACTIVITY: Provide a description which details the activity proposed for the wetland, river or stream to be affected.

PROJECT LOCATION: Provide topographic or county highway map showing location of project and include mile point for rivers and streams.

INFORMATION AVAILABLE: The Water Quality Certification application is available for inspection between the hours of 9:00 a.m. and 4:00 p.m., Monday through Friday, at the following location:

WV Department of Environmental Protection
Division of Water and Waste Management
401 Certification Program
601 57th Street SE
Charleston, West Virginia 25304

COMMENTS: Comments and information relating to Section 401 Water Quality Certification for this activity are hereby solicited. Such information on the activity’s impact will be considered if postmarked prior to the expiration date of this notice. The need for a public hearing will be determined based on an evaluation of specific request for such hearing. All comments and information should be mailed to:

WV Department of Environmental Protection
Division of Water and Waste Management
401 Certification Program
601 57th Street SE
Charleston, West Virginia 25304

Comments and information postmarked later than the expiration date may not be considered.
